

## Beata Tothova named new Ruschlikon A&C BIG / SPG Co-Chair

On a personal note

### RenaissanceRe joins Ruschlikon

My role is Assistant Vice President, Business Transformation with RenaissanceRe, a leading global reinsurance company.

I began my career in reinsurance in 2009, focusing on technical accounting. I soon sought more dynamic challenges and was assigned a new task related to financial handling via B2B. While the technology at the time was not as advanced as it is today, I was immediately impressed by the efficiency and potential for reducing manual intervention, which ultimately, led to automation.

Since then, I have been heavily involved in projects aimed at enhancing technological capabilities in the industry. I am a strong advocate for emessaging as used by the member companies of the Ruschlikon initiative, for technical accounting, claims, financial handling and post placement processes. In my current role at RenaissanceRe, I focus on improving back-office operations by leveraging ACORD eMessaging and striving for straight-through processing (STP).

Having previously been a member of the Ruschlikon eAccounting and Claims Business Implementation Group, I have taken on the role of co-chair in January 2025 and will be working closely with Danny Hickey on the broker side. I am excited to continue advancing this initiative and to contribute to further ACORD GRLC data and process enhancements that will support our community in achieving seamless, transparent, and efficient end-to-end reinsurance processes.

*Beata Tothova, RenaissanceRe Europe AG and Ruschlikon A&C BIG / SPG Co-Chair*
